## MEMORANDUM FOR THE DEPUTY DIRECTOR FOR ADMINISTRATION, CENTRAL INTELLIGENCE AGENCY

SUBJECT: Nationally Funded Secure Telephone Unit-II (STU-II) - INFORMATION MEMORANDUM

1. This is in reference to your letter, subject as above, dated 24 October 1986. By mid-1986 several urgent, high-priority telephone security requirements were identified that had not been previously known. The decision to reallocate the last few of the nationally funded STU-IIs was made to accommodate these crucial needs and to provide a small pool of equipment that could be used to satisfy any yet unidentified high-priority requirements.

2. We expect that these high-priority needs will be identified by early 1987. At that time we will distribute the remaining units to those who have identified a continuing urgent requirement.

3. I regret any inconvenience this has caused and appreciate your patience in resolving this critical prioritization of our scarce secure-voice assets.
